Filling

Mayer - TM-2020

Nursery Potting Machine

BENEFITS:

- Carousel filler engineered for very large pots
- Robust, durable and powerful.
- Very low height for optimal work ergonomics.
- Various options for separating round and square pots. Wide range of pot sizes can be used.
- Running tray for additional substrate (especially suitable for bare-root plants).
- More working spaces due to enlarged turntable.
- Comfortable operation via touchscreen.
- Tripartite soil chute for precise dosage of additional substrate.
- Compatible with all popular automation and transplanting systems.

The Mayer TM 2020F, a potting machine specially designed for tree nurseries. In addition to an extremely robust and durable design, the TM 2020F, like all our machines, is characterized by very smooth running and simple handling.

The TM 2020F can handle both round pots from 12 to 40 cm as well as square pots from 9 to 25 cm. The soil hopper has a capacity of up to 5000 liters and allows processing without tunneling. The enlarged turntable allows up to 4 people to pot on the machine at the same time.

mayer

Key Features:

- Output of machine is up to 2000 pots per hour, depending on pot size.
- Infinitely variable regulation of hourly output and speed via frequency control.
- Centrally adjustment of the pot height by ratchet, max. pot height 16" (40 cm).
- Mayer special pot dispenser Potjet with flexible adjustment to different pot sizes.
- Soil hopper for infinitely variable soil quantity without tunnel formation, incl. guide rollers.
- Three-divided soil chute for an exact dosage of additional soil on the turntable.
- Original Mayer circular system with centrally adjustable pot holders.

Technical Specifications:

Pot Size (T14)	4 3/4" - 15 3/4"	12 - 40 cm
Power	Up to 2,000 pots per hour	
Hopper Capacity	3.92 yards ³	3,000 liters
Hopper Capacity with Extension	6.54 yards ³	5,000 liters
Transport Dimensions	16' - 1" x 7' - 10" x 7' - 7"	4.8x 2.2 x 2.4 m
Mass	5,401 lb	2,450 kg
Accessories	Fertilizer Dispenser, Pot Dispenser with storage belt, Extended elevator, Rotating Brush, Soil Hopper Extensions, Additional Frequency Converters, Soil Control on the Elevator
